**ACTION:** Notice of extension of time for submission of comments.

**SUMMARY:** This document extends until May 24, 1995, the deadline for the submission of comments on the Advance Notice of Proposed Rulemaking addressing large position reporting for Treasury securities. The extension is at the request of a trade association representing government securities brokers and dealers. The advance notice was published in the **Federal Register** on January 24, 1995 (60 FR 4576) and comments were to be received on or before April 24, 1995.

**DATES:** Comments must be submitted on or before May 24, 1995.

**ADDRESSES:** Comments should be sent to: Government Securities Regulations Staff, Bureau of the Public Debt, Department of the Treasury, Room 515, 999 E Street NW., Washington, DC 20239–0001. Comments received will be available for public inspection and copying at the Treasury Department Library, Room 5030, Main Treasury Building, 1500 Pennsylvania Avenue NW., Washington, DC 20220.

**FOR FURTHER INFORMATION CONTACT:** Ken Papaj (Director) or Don Hammond (Assistant Director) at 202–219–3632.

**SUPPLEMENTARY INFORMATION:** The Government Securities Act Amendments of 1993 granted Treasury the authority to prescribe large position recordkeeping and reporting rules for certain Treasury securities. An advance notice of proposed rulemaking was published to advise market participants of our intention to issue large position recordkeeping and reporting regulations, describe the purposes of, and objectives to be achieved by, such rules and identify key elements related to any rule proposal. The notice invited comments, advice and recommendations from interested parties and requested that they address specific questions.

The Department has received a request for a 30 day extension of the comment period from a trade association representing approximately 300 government securities brokers and dealers (Public Securities Association, PSA). PSA has requested the extension in order to permit the association to obtain additional information from its membership and more fully discuss the issues at its annual meeting during the last week of April. Given the limited additional time requested, the Department agrees to extend the comment period until May 24, 1995.

Dated: April 19, 1995.

### Coast Guard

#### 33 CFR Part 100

[CGD01–95–017]

RIN 2115–AE46

#### Special Local Regulation: Harvard-Yale Regatta, Thames River, New London, CT

**AGENCY:** Coast Guard, DOT.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The Coast Guard proposes to amend 33 CFR § 100.101 governing the Harvard-Yale Regatta. The specified race time of 10 a.m. until 1:30 p.m. would be deleted to allow for a flexible race period. Notice of each year's race time would be published in a Local Notice to Mariners and the **Federal Register**. A flexible time period is warranted because the actual race schedule is based on specific tidal conditions which occur at various hours of the day and which differ from year to year

**DATES:** Comments must be received on or before June 23, 1995.

**ADDRESSES:** Comments should be mailed to Commander(b), First Coast Guard District, Captain John Foster Williams Federal Building, 408 Atlantic Ave., Boston, Massachusetts 02110–3350. Comments also may be hand-delivered to room 428 at the same address between 8 a.m. and 4 p.m., Monday through Friday, except federal holidays.

**FOR FURTHER INFORMATION CONTACT:** Lieutenant (junior grade) B.M. Algeo, Chief, Boating Safety Affairs Branch, First Coast Guard District, (617) 223–8311.

#### SUPPLEMENTARY INFORMATION:

##### Request for Comments

The Coast Guard encourages interested persons to participate in this rulemaking by submitting written data, views, or arguments. Persons submitting comments should include their names and addresses, identify this notice (CGD01–95–017), the specific section of the proposal to which each comment applies, and give reasons for each comment. The Coast Guard requests that all comments and attachments be submitted in an 8½" x 11" unbound format suitable for copying and electronic filing. If that is not practical, a second copy of any bound material is requested. Persons requesting acknowledgment of receipt of comments should enclose a stamped, self-addressed postcard or envelope.

The Coast Guard will consider all comments received during the comment period. It may change this proposal in view of the comments. The Coast Guard plans no public hearing. Persons may request a public hearing by writing to Commander(b), First Coast Guard District at the address under **ADDRESSES**. The request should include reasons why a hearing would be beneficial. If it determines that the opportunity for oral presentations will aid this rulemaking, the Coast Guard will hold a public hearing at a time and place announced by a later notice in the **Federal Register**.

##### Drafting Information

The drafters of this notice are LTJG B.M. Algeo, Project Manager, Boating Safety Affairs Branch and LCDR S.R. Watkins, Project Counsel, District Legal Office.

##### Background and Purpose

The annual Harvard-Yale Regatta is a long-standing traditional race entering its 130th year. The race is held in the Thames River, New London, CT, between the Penn Central Drawbridge

and Bartlett Cove. The regatta consists of three races of two, nine-men racing shells. The event is expected to draw up to 100 spectator craft. The Coast Guard expects no significant difference in the race from years past. This proposal would give the race sponsors greater flexibility in scheduling race times around the prevailing tidal conditions.

#### Discussion of Proposed Amendments

The Coast Guard proposes to permanently amend the Special Local Regulation found in 33 CFR § 100.101 governing the Harvard-Yale Regatta. The existing regulation provides for an effective period of 10 a.m. until 1:30 p.m. for the regulated area. Because a race of this nature is dependent upon certain tidal conditions which differ in time from year to year, the Coast Guard proposes to delete the specific time period from the regulation. A provision allowing for annual notice of the race time would be made a part of the permanent regulation. This notice of specific race times for any given year would be published in a Local Notice to Mariners and the **Federal Register** prior to the event.

#### Regulatory Evaluation

This proposal is not a significant regulatory action under section 3(f) of Executive Order 12866, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has been exempted from review by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact to be so minimal that a full Regulatory Evaluation, under paragraph 10e of the regulatory policies and procedures of DOT, is unnecessary. This conclusion is based on the limited duration of the race, the extensive advisories that have been and will be made to the affected maritime community, and the fact that the event is taking place in an area where the only commercial interests affected are a few marinas. This regulation also will allow vessels to transit to and from these affected marinas under Coast Guard escort or as otherwise directed by the Patrol Commander.

#### Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard must consider whether this proposal will have a significant economic impact on a substantial number of small entities. "Small entities" include

independently owned and operated small businesses that are not dominant in their fields and that otherwise qualify as "small business concerns" under section 3 of the Small Business Act (15 U.S.C. 632).

For reasons set forth in the above Regulatory Evaluation, the Coast Guard certifies under 5 U.S.C. 605(b) that this proposal, if adopted, will not have a significant economic impact on a substantial number of small entities.

#### Collection of Information

This proposal contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

#### Federalism

The Coast Guard has analyzed this proposal in accordance with the principles and criteria contained in Executive Order 12612 and has determined that this proposal does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

#### Environment

The Coast Guard is considering the environmental impact of this proposal, and it is expected that preparation of an environmental impact statement will not be necessary. An Environmental Assessment and a Finding of No Significant Impact will be made available in the docket for inspection or copying where indicated under ADDRESSES.

#### List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For reasons set out in the preamble, the Coast Guard proposes to amend 33 CFR part 100 as follows:

#### PART 100—[AMENDED]
